New on Dialog

Order Patent and Trademark File Histories Through Dialog

Thomson File Histories are now available directly through Dialog. Combined with the comprehensive patent and trademark information on Dialog, file histories give you the most complete view of a patent or trademark and its history in one place. When searching in the following patent and trademark databases, a link to an online order form is displayed in your search results, saving you time in obtaining the file histories you need.

Thomson File Histories are available from the following Dialog databases:

DialogLink 5 Release Notes

New features available in the latest release of DialogLink 5 (August 2006)

Ability to resize images for easier incorporation into DialogLink Reports

New settings allow users to be prompted to save Dialog search sessions in the format of their choice (Microsoft Word, RTF, PDF, HTML, or TEXT)

Ability to set up Dialog Alerts by Chemical Structures and the addition of Index Chemicus as a structure searchable database

Support for connections to STN Germany and STN Japan services
